--	---	---	--

Label kind	What it prints	Filled from
Oil change	Shop, date, NEXT due km / mi or date, odometer, oil grade / spec / litres, filter part, technician, short VIN	An oil-change record in cuore (or typed values)
Service	Section, date, work done, odometer, next due	A general service record
Torque tag	Fastener, torque in Nm and lb-ft, angle, SINGLE-USE flag, date, technician	cuore's sourced torque table
Reminder	NEXT SERVICE DUE, km / mi and date, vehicle and job	Next-due calculation (oil interval)

Template	Size	Per sheet	Printer	Geometry
Avery 5520 WeatherProof	2-5/8" x 1"	30 (3 x 10)	laser	CORROBORATED
Avery 5522 WeatherProof	4" x 1-1/3"	14 (2 x 7)	laser	CORROBORATED
Avery 5523 WeatherProof	4" x 2"	10 (2 x 5)	laser	CORROBORATED
Avery 5524 WeatherProof	4" x 3-1/3"	6 (2 x 3)	laser	CORROBORATED
Avery 5526 WeatherProof	8-1/2" x 5-1/2"	2 (1 x 2)	laser	SINGLE-SOURCE
Avery 6576 Durable ID	1-3/4" x 1-1/4"	32 (4 x 8)	laser	UNVERIFIED: margins not found, test grid first
Avery 6578 Durable ID	2-5/8" x 2"	15 (3 x 5)	laser	UNVERIFIED: margins not found, test grid first
Avery 95520 WeatherProof	2-5/8" x 1"	30 (3 x 10)	inkjet	CORROBORATED
Avery 95522 WeatherProof	4" x 1-1/3"	14 (2 x 7)	inkjet	CORROBORATED
Avery 95523 WeatherProof	4" x 2"	10 (2 x 5)	inkjet	CORROBORATED
Avery 95526 WeatherProof	8-1/2" x 5-1/2"	2 (1 x 2)	inkjet	SINGLE-SOURCE

CORROBORATED: size and count from Avery, margins from two other sources and checked to add up to 8.5 x 11 in. SINGLE-SOURCE: derived from Avery's size and count only. UNVERIFIED: size and count known, margins not.

1. Open **/v/ZASFAKPN5J7B88115/labels**, pick the label kind, the Avery template and the record (or type values). Set **start position** to reuse a part-used sheet and the number of copies.
2. Click **Print test grid** and print it on plain paper. Hold it over a label sheet against a light: every outline should sit on a label. If it is off, set the X / Y offset in mm and print the grid again.
3. Print the labels at **Actual size / 100%**, never Fit to page. Use the laser template for laser WeatherProof film and the 95xxx template for inkjet.
4. Text shrinks to fit (down to 4 pt), then is cut with an ellipsis: it never runs off a label.

Awaiting your print check: the sample sheet (Desktop: Stelvio Sample Service Labels.pdf) uses a stand-in odometer of 142,290 km, because MES logged the 2026-09-15 oil-change reset without one. Avery 6576 and 6578 durable ID margins are not published anywhere found, so cuore spreads the labels evenly: print the test grid first and tell cuore the offsets if they miss.
